TYPE OF RESTRAINTS USED TO SUBDUE THE SUBJECT</li> <li>5.) TREATMENT MADE AVAILABLE TO THE SUBJECT BY TEAM MEMBER</li> <li>6.) OTHER OBSERVATIONS BY TEAM MEMBER</li> </ol>						
<p>On 02/21/18 at 1950 hours, I notified Sgt. John CHAPMAN, via Phone of this SERT activation. He did not change my scheduled shift.</p> <p>On 02/23/18 at approximately 0400 hours, I attended a briefing at PSP Belfast (AP) in regard to this preplanned warrant service. During the briefing, I was assigned as the second point of the target residence second floor/ attic. After the briefing, I participated in rehearsal drills. I then took my position in the SERT utility van and departed to serve the warrant.</p> <p>Once the team arrived, I took up my position in the stack on the exterior 1 side. We then announced, "State Police, search warrant!!!" I also heard similar announcements from the P.A. system from one of the vans. The door was then breached and I shortly made entry into the residence. I cleared through the second floor towards the interior 2 side where I entered a bedroom. Upon entering the bedroom, I came into contact with a juvenile female and male. Both were secured without incident. Tpr. David BRODEUR provided me cover during this assignment. The scene was then turned over to investigators. I then went to my extract vehicle and departed the scene and departed back to the AP.</p> <p>I carried a Glock 21 and a shield on this warrant service.</p> <p>Following a Debriefing I was released from the incident</p> <p>After a de-brief the team was dismissed at 0730 Hrs.</p>
